

GENERAL INSTRUCTIONS : Phytoclean should not be stored as a diluted solution. Phytoclean should not be mixed with other chemicals.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND THE ENVIRONMENT.

DO NOT contaminate streams, rivers or waterways with Phytoclean or used containers.

DISPOSAL: Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemical on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose. Clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

STORAGE: Store in closed, original container in a cool, well ventilated area, below 30°C. Do not store for prolonged periods in direct sunlight. Phytoclean should be used within 12 months of purchase.

SAFETY DIRECTIONS: Will damage eyes. Will irritate the skin. Repeated exposure may cause allergic disorders. Avoid contact with eyes and skin. When opening the container and preparing spray or dilution, wear cotton overalls buttoned to the neck and wrist, a washable hat, elbow length PVC gloves, goggles and impervious footwear. When using the prepared spray or dilution, wear elbow length PVC gloves, goggles and impervious footwear. If product on skin, immediately wash area with soap and water. If product in eyes, wash it out immediately with water. Wash hands after use. After each days use, wash gloves and goggles and contaminated clothing.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia **131126**: New Zealand **0800 764 766**. If swallowed, do NOT induce vomiting. Give a glass of water.

MATERIAL SAFETY DATA SHEET: A Material Safety Data Sheet is available on request from www.phytoclean.com.au.

DIRECTIONS FOR USE:

<u>SITUATION</u>	<u>RATE</u>
<u>Footbaths or Vehicle Wash</u>	1L/10L of water
<u>Washdown</u>	2L/100L of water
<u>Hard surface and tools</u>	200ml/10L of water

CRITICAL COMMENTS

Footbaths: To reduce the spread of *Phytophthora cinnamomi* and other pathogens from infected soil adhering to footwear or vehicle tyres, it is recommended that the Phytoclean solution should be topped up when required to maintain an adequate level. Footwear should be as free of soil as possible. Footbaths or Vehicle Wheel washes should be cleaned and replenished at least weekly if being used regularly.

Washdown: For high pressure or automatic washdown of machinery and equipment, particular attention must be paid to the underneath and out of the way areas of machines to remove all soil matter. Allow solution to remain in surface contact for at least 30 seconds before rinsing with fresh water. Where possible, use Phytoclean in conjunction with hot water.

Hard surface and tools: Phytoclean can be used for spraying and wiping of benches, shelves, walls, floors etc, also for dipping and scrubbing of hand tools, make sure to remove all soil. Allow solution to remain in contact with the surface for at least 30 seconds before hosing or wiping off.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

CONDITIONS OF SALE: The use of this product is beyond the control of the manufacturer, therefore the purchaser assumes responsibility for results from its use and shall not hold the manufacturer liable for any loss or injury whatsoever, however occurring.
